REPORT

OF THE COMMITTEE FOR THE YEAR ENDING DECEMBER 31st, 1918.

FOR the first time for many years, it was found necessary to close the Wards for two months owing to the provision of additional Staff accommodation and the installation of central heating throughout the building. The special Extension Fund is still open for contributions, and a statement to 4th March appears in this Report.

Turning to current finance, it is necessary to emphasize the fact that the closing of the wards has caused an automatic saving in certain heads of expenditure, which accounts largely for the favourable balance in the year's working.

In 1929, ordinary expenditure is certain to be higher owing to additional upkeep, an increase of rates, and the adoption of the Federated Superannuation Scheme for Hospital Nurses, besides the inevitable increase in the standard of equipment demanded of all up-to-date Hospitals.

During 1928, the Hospital was exceptionally busy and the number of cases outside the Burford district is to be noticed. Considerable strain has been thrown upon the Medical and Nursing Staff, and the Committee is specially grateful to them and cognisant of the skill and devotion which they have shown.

A contribution of £10 has been made to the funds of the Radcliffe Infirmary as County Hospital.
